Benefits:

Penne is traditionally served with pasta sauces such as pesto, marinara, or arrabiata. Penne is a popular ingredient in pasta salads. Penne is a versatile pasta for many applications because of its practical design; the hollow center and ridges allow it to hold sauce, while the angular, quill-shaped ends (Italian "penna", meaning feather or quill) act as scoops. This angled cut makes a larger open surface area for sauce to fall into.
